(1) Re-opening of the Taluk Treasuries at Head Quarters of the Districts:-- I am inclined to agree with the Revenue Commissioner in the reasons assigned for reopening the Taluk Treasuries. The collection of Land and Excise Revenues and recoveries on account of Land Improvement and Takavi Loans and their daily remittance to the District Treasury is really inconvenient and to some extent causes duplication of work. As, however, the Revenue Commissioner thinks that the question of reviving the Taluk Treasuries may be deferred for some time, it

need not be considered immediately.

(2) Employment of English knowing hands as Nagadi gumasthas:- It is certainly desirable to get accounts in English from Taluks and this will also ~~immediately~~ considerably facilitate work in this office.

(3) Maintenance of Sheristadar's Number Book:- This question was taken up by the late Financial Secretary when he inspected the Chamrajanagar Taluk Treasury in May — 1919 and it was referred to the Deputy Commissioners of Districts for their opinion. The consensus of opinion has been in favour of its retention; and as it serves a useful purpose it may be revived.

(4) Reduction in the size of the Cash Book:-- This has already been done. There is no necessity to detail the Balance by tale in the Cash Book. The Shroff's Balance Sheet furnishes details by denomination of the cash balance each day and this is copied in the copy of the daily sheet sent to the District Treasury.

(5) Carbon copies of Subsidiary Statements to be sent to the Comptroller's Office:- Circular instructions to this effect have already been issued.

(6) Deduction Registers to be maintained in Taluks:-- This was being done before the new procedure came into force and as the Revenue Commissioner states that it is desirable that these deductions should find a place in the registers maintained in the treasuries and as

this will not entail any additional work this may be done. I propose also to get the details of deductions to be noted in the Treasury Lists of payment entered by the treasuries as that will facilitate work and minimize correspondence in this office.

2) The revival of the Shereistedars number book as it facilitates verification of the daily transaction entered in the Nagadi Gumastas ~~Regs~~ Subsidiary registers

3) Deduction registers to be maintained in Taluks on account of Insurance, Provident fund House building etc.

SIR,

Referring to your letter No.Fl.C.129 (without date) requesting me to obtain reports from the Deputy Commissioners of Districts as to how the new system of Treasury Procedur has been working and to submit my recommendations to Government in the matter, I have the honour to state that a report in the matter was submitted to Government in the Revenue Department with my letter No.C.3808/G1. of 18-19 dated 17th September 1919, copy of which is herewith enclosed for ready reference.

I have the honour to b

S i r,

Your most obedient servant,

Assistant Commissioner,
For Revenue Commissioner,
Absent from the station.

Letter No.C.3808/Gl.18-19 dated 17th September 1919 from the Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

Referring to para 19 of Government Order No.R.11926-75/ L.R.285-18-6 dated 19th March 1919 reviewing the Administrat Report of the Revenue Department for the year 1917-18 and observing that a report about the working of the new Treasur Procedure is awaited etc, I have the honour to state that, w the Deputy Commissioners of Districts are generally agreed a to the simplification of work in the Treasuries under the ne Procedure, some of them have pointed out certain drawbacks i and have suggested remedies therefor, both of which are ment below for the information and orders of Government:--

(a) The abolition of Taluk Treasuries at District Head Quarters has resulted in congestion of work in District Trea without effecting appreciable savings to Government. Daily remittances to the District Treasury give rise to delay and confusion on account of hurry in the transactions. They al cause double shroffing of the same amount on the same day, o in the Taluk Office and again in the District Treasury. All this can be avoided if the Head Quarters Taluk Treasuries ar revived and transactions allowed to go on therein as under t old system.

(b) The classification work is not properly done in Ta Treasuries for want of intelligent english-knowing hands and this work cannot now be scrutinized in the District Treasury from day to day as vouchers, whether credit or debit, do not accompany the daily cash accounts. Competent english-knowing hands should be employed in Taluk Treasuries and vouchers, both of credits and debits, made to accompany the daily cash accounts.

of the Taluk Treasury Manual, should be revived as it facilitates the verification of the daily transactions entered in the Nagadi Gumastha's Subsidiary Registers, - especially during the collection season when the transactions will be numerous.

(d) The size of the cash book is very big and may be reduced. Space should be provided in it for noting the different kinds of coin in the closing balance of the day and for taking the signatures or initials of the Shroff, the Nagadi Gumasta, and the Treasury Officer.

(e) Under the new Treasury Procedure, original copies of most of the subsidiary registers are sent to the Comptroller's office every month as monthly accounts, carbon copies thereof being retained in the ~~Txxxxxxx~~ Treasuries for reference. Carbon copies may be ordered to be sent to the Comptroller's Office, instead of the originals, as the impressions in carbon copies wear away soon on account of frequent handling and as it is essential that the accounts should be permanently retained in the Taluk Treasuries.

(f) Special registers for noting deductions from bills on account of Insurance, Provident Fund, House-Building Advance, Motor advance etc., are not maintained. Information on these points is often requisitioned and cannot be had in the Treasuries

2. Suggestions are also made (1) for improving the status and pay of Nagadi Gumasthas, a Deputy Gumastha on Rs.15/- being given to assist him during the collection season to get through his work which is of a technical and arduous nature:-,

(2) for the supply of chairs and tables to them,

(3) for the supply of pigeon-holes or almirahs for keepi the subsidiary registers, and

(4) for keeping a reserve of trained men - to be named

Probationery Accountants - in District Treasuries for replacing Nagadi Gumasthas on leave in Taluk Treasuries.

3. The question of the revision of the pay of Nagadi Gumasthas is included in the scheme dealing with the re-organization of the Treasury Staff (vide my letter No.C.3363/G1.16-17 dated 31st May 1919 addressed to Government.

The question of reviving the Taluk Treasuries may be deferred till more experience is gained. I am in agreement with the Deputy Commissioners as regards the other proposals.
